

#### Amendment to Coordinating Committee Bylaws:

As nominations for vice-chair come from current members, any member who assumes the vice-chair in their second year would then be eligible for the position of chair the following year which would amount to a third year for their current term.

Therefore anyone who assumes the vice-chair in their second year and then accepts the office of chair will automatically extend his or her term by one year. At the end of the 3<sup>rd</sup> year, they are then eligible to volunteer for a new two year term.
