Faye Freeman-Smith discusses the Student Success Focus Groups – The groups were very informative and well worth the effort. They had done Math 096 and Busn 110. The students were called student ambassadors – there were 38 – 40 students. Steve requested results as soon as they could be provided.

Rob reported that his article for the Spectator was complete and presented it to the group.

Dana said that she had discussed a stat program with Johnny tenBroek. He said it would be unlikely that HCC students would program since they already had jobs. Dev-Ed tracking wondered about Special Projects or finding ISU students?

Dana will also attempt to make a flowchart similar to the Reading/Writing program for Math creating a baseline.

Our next meeting is August 9, 2007 at noon in room CCB 1407.
