Steve brought the meeting to order at 2:00 p.m. The minutes from September 20, 2007 were reviewed. A motion to approve the minutes was made by Tom Clemens and 2nd by Joan Newgren. The motion passed and the minutes were approved.

Dana Rosenberg reported that Amy Smith has just been hired as a Research Analyst. There is no update on the flowcharts at this time.

Dana reported that from PeopleSoft she can provide information regarding students who have: completed courses, re-enrolled, returned and enrolled again, graduated/not graduated, taken college level and dev-ed classes. She mentioned that Placement Test data-base needs more work – she needs to explore what we already have.

What isn’t currently available is data on students who: transferred into the course from another school, students enrolled in a course by instructor approval, etc. Dana also indicated that access to data on transfer is tricky.

Faye Freeman-Smith gave a report on the progress of the Student Success Committee. Her report included: Inputs Indicators (characteristics), Output Measures, Process categories. The Dev-Ed tracking committee will look at these categories and see what categories are appropriate for stars.

Dana Rosenberg made a motion to adjourn the meeting. The motion passed and the meeting was adjourned at 3:00 p.m.
