Review:
New Faculty Orientation:  We looked at the evaluations from the S07 session and the F06 session.  Everything was rated higher this semester.  All felt the session worked well. Perhaps more time for Syllabus portion of the evening.

FA II:  Paul distributed a draft of the brochure and because the brochure is late, unilaterally moved the start week back to Feb. 5th.  He checked with the presenters of the first session Karen and Lisa Cole and it was fine with them. The rest of the session was spent editing the draft of the brochure.  Paul will make changes and distribute brochure to faculty and email best times to committee. Finally, we began to talk about possible presenters for the sessions.

Other Issues
Next meeting is scheduled for either 2/2/07 or 2/5/07 pending the preferences of the faculty academy participants.  Paul will find a room and send an appt.
