MEDIA ANNOUNCEMENT

October 10, 2008

Heartland's assistant softball coach named to USA National Team

Daryn Miller, Heartland Community College's recently-appointed assistant softball coach, was named to the 2009 USA Softball Men's National Team roster.

Miller, of Bloomington, was one of only 15 men named to the 17-man roster. The team will represent the United States in events leading up to and including the International Softball Federation World Championships in Saskatoon, Saskatchewan in July 2009. The two remaining spots on the team's 17-man roster will be filled in March.

When not coaching the Heartland Hawks or participating in softball at the national level, Miller continues to work toward a chiropractic degree at Palmer College of Chiropractic in Davenport, Iowa.
