Enrolling in a Class

Enrolling in and dropping classes can be done in the same place—your IRIS account within myHeartland.

First, log-in to your myHeartland account and click on the IRIS tab at the top of the page. Then, click on the IRIS icon in the self-service box.

This will take you to your Student Center. Click on the Enroll link under the Academic section.

If this is the first time you are logging into myHeartland this semester you will be asked to complete the financial responsibility statement which says that you agree to pay for the courses that you sign up for.

In step 1, you’re selecting the classes you want and adding them to your shopping cart. This is where your four digit course codes are going to be put to use! Enter the course code in the white box located under step 1 in the Add to Cart section. Click Enter. On the next page, you’re verifying that this is the course you want to enroll in. Click Next if it’s correct and the course is added to your shopping cart.

At this point, you can add another class to your shopping cart. Once you’ve added all of your classes, click “Proceed to Step 2 of 3.” After confirming that these are the classes you want to take, click on “Finish Enrolling.” This step officially enrolls you in the classes.

You will see a green checkmark next to courses that you are successfully enrolled in or a red X for an error. Be sure to read the error message and determine what the problem is, such as a class is full, there’s a time conflict, or you have not met a prerequisite. If you think you have met a prerequisite or have questions on an error message that you’ve received, please contact Academic Advising at 309.268.8033.
