

CHLD 101: Introduction to Early Childhood Education

CONNECT Module 1 – Embedded Interventions – Part 1

Learning Outcomes	4. Identify evidence-based practices, curriculum, environments, teaching models, and technologies that support the development and learning of each young child, including those of diverse abilities.
DEC Recommended Practices	C8. A variety of appropriate settings and naturally occurring activities are used to facilitate children’s learning and development. C18. Practices are used systematically, frequently, and consistently within and across environments (e.g., home, center, community) and across people (i.e., those who care for and interact regularly with the child).
NAEYC Standards	4b. Knowing and understanding effective strategies and tools for early education. 5c. Using their own knowledge, appropriate early learning standards, and other resources to design, implement and evaluate meaningful, challenging curricula for each child.

For this assignment you will be completing Part 1 of the web-based training on Embedded Interventions. The learning objectives for this training are:

- “Explain what is meant by embedded interventions to promote participation in inclusive settings.”
- “Use a decision-making process to help a child participate more fully in an inclusive setting through embedded interventions.”

To access this training, go to CONNECT Module 1: Embedded Interventions. For this assignment we will only be completing Step 1.

The “Module Dashboard” provides an overview of each of the five steps to this training. Under the Dashboard you can also pre-print the activities and handouts for the entire module. The “Activities” and “Handouts” are fillable pdf’s so you may either:

1. print them, write on them, and then submit, or
2. access them via your computer, fill them out electronically, save them to your computer, and then print them to turn in.

Click on “Begin Module” to start the module. Notice that there are links to the relevant handouts on the right hand side of the page. Read the Introduction and watch the video “Foundations of Inclusion Birth to Five.”

Continue to “Step 1: Dilemma.” Watch both videos and complete Activity 1.1a: Describe the Dilemma. This activity sheet can be printed from the link on the right hand side of the page.

Submit to your instructor the following activity:

- Activity 1.1a Describe the Dilemma
