2022-2023 Verification Worksheet

Independent Student

Your 2022-2023 Free Application for Federal Student Aid (FAFSA) was selected for review in a process called verification. The law says that before awarding Federal Student Aid, we may ask you to confirm that information you reported on your FAFSA. To verify that you provided correct information, we will compare your FAFSA with the information on this institutional verification document and with any other required documents. If there are differences, your FAFSA information may need to be corrected. You and a parent whose information was reported on the FAFSA must complete and sign this institutional verification document, attach any required documents, and submit the form and other required documents to us. We may ask for additional information. If you have questions about verification, contact us as soon as possible so that your financial aid will not be delayed.

All students and spouses (if applicable) must complete Sections 1, 2 and 4. Section 3 will only be completed if you did not file 2020 taxes.

If there are differences between information on your FAFSA and this worksheet, **the Financial Aid Office will notify you via your Heartland email** if additional documentation is needed or any other questions need to be answered. After verification is complete, you will be notified about the amount of financial aid you are eligible to receive through your Heartland email, along with an Award letter in the mail.
