Fishing on Birky Pond*
9:00-12:00

Use one of our poles or bring your own! All skill levels are welcome. Children under 10 need to be accompanied by an adult. No fishing permit required. Bait provided.
Instructor: Janet Beach-Davis

Ages and Stages Questionnaire
9:00-2:00

Measure your child's milestones with a brief developmental screening questionnaire. Sponsored by Easter Seals.
(ICB 1103)

Bike Rodeo*
10:00-2:00

Learn to ride safely. Bring your own bike and helmet.
(Parking lot D)

9-9:50am

Meditation

Discover what meditation is and how it can fit into your lifestyle. Learn the benefits of meditation and practice a few meditative.
(WDC 1403)
Instructor: Ron Maier

Learn to Groom Your Small Dog

Save money and bond with your pet by learning basic techniques for small dog grooming.
(WDC 1400)
Instructor: Denise Kozell

Ikebana

Ikebana is a disciplined Japanese art form in which nature and humanity are united through flower arranging, providing relaxation to the mind, body and soul.
(WDC 1601)
Instructor: Anuja Deshpande

Introduction to Scratch*

Learning to program with Scratch is as simple as dragging and dropping blocks of code. The basics of programming languages has never been more fun.
(WDC 1405)
Instructor: Terri Keys

Introduction to WordPress

Get started building a self-hosted, custom website using WordPress. Receive tips and tricks to design a site that is beautiful and functional.
(WDC 1404)
Instructor: Laura Olshak

Making the iPhone Work for You

Discover the power of the iPhone. Learn how to use the apps that come with your iPhone (calls, texting, internet, maps and more). You will also learn how to protect your privacy and share your information.
(WDC 1402)
Instructor: Carol Schweigert

Eyes on Earth*

Come to the Challenger Learning Center to learn about Earth's system and NASA's Earth Observing Satellites. In this session find out how satellites work and complete a design challenge to maneuver a "satellite" through space.
(CLC)
Instructor: Stacey Shrewsbury

10-10:50am

Gentle & Restorative Yoga

Experience an introduction to yoga and learn deep relaxation and self-reflection. Advanced students can also enjoy this class with an emphasis on stretching, breath and movement coordination, alignment awareness and slow motion movement.
(WDC 1006)
Instructor: Matthew Donovan

Fencing

As physically demanding as tennis or racquetball, fencing is chess at 80 miles an hour. It requires quick thinking and trained reflexes. This sport is based on the time-honored art of sword fighting with a focus on proper form, technique and safety.
(CCB 1406/07)
Instructor: Dave Duguid

Meditation

Discover what meditation is and how it can fit into your lifestyle. Learn the benefits of meditation and practice a few meditative.
(WDC 1403)
Instructor: Ron Maier

Learn to Groom Your Small Dog

Save money and bond with your pet by learning basic techniques for small dog grooming.
(WDC 1400)
Instructor: Denise Kozell

Fabric Flowers

You can enjoy beautiful flowers year-round when you make them yourself. Learn to create flowers from satin and organza. No experience is necessary for this fun, do-it-yourself project.
(WDC 1402)
Instructor: Anuja Deshpande

iPad Know-how

Learn to organize and maximize this unique digital device. Together we'll explore key features and functions and how to use the pre-installed apps. Please come with your iPad already set up.
(WDC 1405)
Instructor: Jennifer Coombs

Greek Mythology*

Gods, goddesses and supernatural characters, oh my! Explore the mythology that helped explain natural phenomenon in the ancient Greek world.
(WDC 1404)
Instructor: Leisa Barbour

Pollution Perils

Learn how NASA measures for aerosols in the air and composition of the soil. Make your own aerosol collector and investigate some tasty soil samples.
(CLC)
Instructor: Stacey Shrewsbury

Tips to Organize Your Records NOW Before You Need Them

Even if you think you're organized, crucial documents and items can still be hard to find in an emergency. Learn how to put together a grab-and-go binder to make it easy for your family to step in when needed.
(ACEC Auditorium)
Instructor: Sonja Reece

Prove You're Work-Ready with the National Career Readiness Certificate

Do you need to improve your workplace skills to get a job or secure a promotion? Join us and learn about ACT's National Career Readiness Certificate (NCRC). Earning the NCRC will help you better understand your workplace strengths and provide verification of your skills to your current or future employer. If there are gaps in your workplace skills, don't worry. Heartland offers Career Ready 101 to help you improve them before earning your NCRC.
Location: ACEC 2101
Instructor: Jill Blair

11-11:50am

Build Your Own PC*

Learn about various computer parts and their functions. See how the components work together and gain some valuable troubleshooting skills along the way.
(WDC 1400)
Instructor: Matt Meins

iPad Know-how

Learn how to organize and maximize this unique digital device. Together we'll explore key features and functions and how to use the preinstalled apps. Please come with your iPad already set up.
(WDC 1405)
Instructor: Jennifer Coombs

Social Dance

Come and learn the basics for social dances that are great for weddings, reunions, and other social events.
(WDC 1006)
Instructor: Cathy Hempstead

Hypnotherapy

Learn how hypnotherapy can help you break bad habits, cope with stress, improve your performance and enjoy a more balanced life.
(WDC 1403)
Instructor: Rick Longstreth

Physics Camp for Kids*

Design, create and test things that fly, hover, fling and soar. In this session, we'll explore a sampling of concepts and activities from our aerodynamics camp which will be held the last week in July.
(ACEC 2101/2102)
Instructor: Children's Discovery Museum Staff

Art Talk*

An excellent guide can bring a work of art to life. What better guide than the creators themselves? Artists whose work is currently displayed in the Joe McCauley Gallery will reveal the hidden stories behind their works and share their process of creation and provide insights into their artwork.
(Joe McCauley Gallery, ICB 2507)
Instructor: Jane Camp

12-12:50pm

Beginner Belly Dance

No matter what size, shape or age, anyone can learn the sensual and graceful art of belly dance. Please wear comfortable (but not baggy) clothing that allows you to move freely. Women ages 16 and up are welcome to attend.
(WDC 1006)
Instructor: Patt Schneider

Casino Games 101

The combination of luck, skill and having fun with others is what makes games like Blackjack and Texas Hold'em Poker so popular. Join us for this session and learn more about playing these games for personal enjoyment.
(WDC 1404)
Instructor: Bryce Swanson

Decorate Your Dog

We love our pooches - whether they're mutts or pure breeds. Join us and learn how to safely decorate your dog for holidays and other special events.
(WDC 1400)
Instructor: Denise Kozell

Physics Camp for Kids*

Design, create and test things that fly, hover, fling and soar. In this session, we'll explore a sampling of concepts and activities from our aerodynamics camp which will be held the last week in July.
(ACEC 2101/2102)
Instructor: Children's Discovery Museum Staff

Henna Art

In India, beautiful decorative and temporary tattoos are made from henna leaf paste. Explore the traditional art form of Mehndi and its use in festivals and special celebrations.
(WDC 1402)
Instructor: Anuja Deshpande

Ice Core History

One way NASA collects data about climate changes is by collecting ice core samples. Investigate your own ice core sample at the Challenger Learning Center and decide what Earth events may have taken place and how those impacted Earth's system.
(CLC)
Instructor: Stacey Shrewsbury

1:00-1:50pm

Earth Quest Mini Mission*

Take part in our new Earth Quest mission. Work on board the Space Station or in Mission Control collecting and analyzing data about a recent Earth event. Help launch a satellite to provide information about future Earth events.
(CLC)
Instructor: Stacey Shrewsbury

Casino Games 101

The combination of luck, skill and having fun with others is what makes games like Blackjack and Texas Hold'em Poker so popular. Join us for this session and learn more about playing these games for personal enjoyment.
(WDC 1404)
Instructor: Bryce Swanson

Prairie Walk*

Enjoy discovering the native plants in Heartland's five acre hilltop prairie during a guided walk with an Illinois Master Naturalist.
Instructor: Janet Beach-Davis

Art Talk*

An excellent guide can bring a work of art to life. What better guide than the creators themselves? Artists whose work is currently displayed in the Joe McCauley Gallery will reveal the hidden stories behind their works, share their process of creation and provide insights into their artwork.
(Joe McCauley Gallery, ICB 2507)
Instructor: Jenny Crones
