Through this Leadership Conference and Competition, students apply what they are learning in the classroom.

Phi Beta Lambda ([link](#)) is a national business organization. The mission of this organization is to provide leadership training and service opportunities to students. Heartland's PBL organization invited local business leaders in every month to speak with them about their financial fitness, networking, interviewing skills, business success & failures, leadership skills, and goal setting. It is this type of partnership and professional support that Phi Beta Lambda provides for their student & professional members. If you would like to be a

professional member or would like more information, please contact their advisor, Linda Lambert, @ linda.lambert@heartland.edu.

Heartland Community College's Phi Beta Lambda chapter thanks the Administration & Professors at Heartland Community College for preparing and encouraging students.
